#### FOR ADJUTANT GENERAL.

There Are Three Candidates in the Kansas National Guard.

Brigadier General L. N. Hettinger, of the Kansas National Guard, is in Topeka today. He says that he is not greatly concerned about the change in administration, as the remuneration for his office is not large enough to make any one rich.

"What I would like to see," said Gen. Hettinger, "is a member of the guard in the office of adjutant general. The guard should be recognized but it has been the custom to give the place to an old soldier, but I do not know what will be done by the incoming administration. I understand that several members of the guard are candidates. Col. Geo. E. Howard of the First regiment, Col. J. T. Shuwalter of the Second and Col. W. L. Lutz of the Third are, I understand, all candidates.

"I also hope that the legislature will give the guard a sufficient appropriation so that there may be an encampment next year and good work done.

#### A MAMMOTH STEEL PLANT.

Several Companies Combine and Locate One at Alexandria, Ind.

ANDERSON, Ind., Dec. 19.—The representatives of the Valley Steel Co., of St. Louis, capital \$450,000; the Union Trust Co., of Indianapolis and the combined Alexandria Land companies have reached an agreement in locating the mammoth rail and beam steel plant of the St. Louis company at Alexandria.

The St. Louis company pays \$75,000 for the old Depauw plant and will consolidate the ones at Alexandria and the one at New Albany with the one now located at St. Louis and erect a complete new plant at Alexandria.

They will also erect a mammoth beam steel plant and contract to have both in full operation on Jan. 1, 1896. When they have complied with all stipulations the combined land companies turn over a bonus of \$175,000 in lots and cash.

#### HERR MOST IN CHICAGO.

The New York Anarchist Appears Tomorrow as a Theatist.

Chicago, Dec. 19.—Herr Most will invade Chicago this week. He will arrive in the city Thursday evening or Friday morning and on Sunday next will appear at the Criterion theater in Gerhart Hauptmann's play, "The Weavers." He will bring from New York with him eight members of the company that gave the same play a short time ago there in the Thalia theater. At that time the New York papers praised the play—which in its way is tremendously powerful in construction—and more than showered encomiums on the anarchistic thespian. Most will play in Chicago a week. He has become stagestruck his manager says—and he believes that an English play will be written for him during the winter and he will appear as a professional next season.

#### MORE MASSACRES.

Twenty-three Armenian Villages Burned and Forty Priests Murdered.

#### ILLICIT STILL EXPLODES.

By That Means It Was Discovered in the Heart of Quebec.

QUEBEC, Dec. 19.—Considerable excitement was caused here last night by the discovery of an illicit still for the manufacture of whisky in the very heart of the city. The discovery was made through the accidental explosion of the boiler.

The explosion set fire to the building and seriously burned nine people. What adds to the sensation is that one of the illicit distillers is a sergeant of the city police force named Redmond, who is fearfully burned.

#### THE DEAD MAN WALKED IN.

While His Supposed Body Was Being Identified He Appeared.

CHICAGO, Dec. 19.—George H. Barbour, the young insurance clerk supposed to have been murdered in Pana, Ill., walked into the morgue today where half a dozen of his associates had gathered to identify his body. Barbour's father was present and an affecting scene followed, the pair soon hurrying away to quiet the fears of the boy's mother who had firmly believed her son dead.

The body of a young man had been found buried near a railroad track at Pana and as young Barbour had disappeared Thanksgiving Day his father went to view the body. The resemblance was perfect, even to a tattooed arm, and the remains were fully identified by the father as those of his son.

Some of the missing youth's associates, however, doubted the identity, and a number of his fellow clerks were called in today to view the body. There was a difference of opinion, and as the father was in the act of pointing out marks, which he said proved conclusively that it was the body of his son, young Barbour appeared. He refused to say anything regarding his disappearance.

#### SPRECKELS RESIGNS.

He Quits the California Jockey Club Because of a Grievance.

SAN FRANCISCO, Dec. 19.—Adolph E. Spreckels has resigned from the vice presidency of the California Jockey club because of what he considers the unfair weight put upon his horse Cadmus in a handicap race when Cadmus had to carry 120 pounds against Senator Irbys' 113 pounds and less weight by other horses.

This too on a very heavy track. So Spreckels scratched the horse and withdrew from the club, his office being filled by Dan Burns.

#### WOULD NOT CHEER FOR WILLIAM.

Herr Singer, the Socialist Who Recently Created a Sensation in the Reichstag.

Herr Paul Singer, the socialist leader in the German reichstag, who recently refused to cheer Emperor William, has long been a successful business man in Berlin. When President von Levetzow of the reichstag sternly censured the socialists because they did not rise to their feet in company with the other members and cheer the monarch who seems even at this late day to believe that the king can do no wrong, Herr Singer promptly retorted that he would never join in cheering for a man who told his soldiers that at his command they must fire upon their fellow citizens. This declaration caused a great uproar, and the prosecution of Herr Singer for lese majeste, or high treason, is within the possibilities.

Herr Singer has represented one of the Berlin electoral districts as a socialist since 1884 and has been "agin the government" for many years. He is described as being very successful in business, very obstinate, very shrewd, very charitable and very courageous. He is a Hebrew and has made a for-

tune in the manufacturing business, which he followed until his temporary expulsion from Berlin eight years ago. Since then he has devoted himself to political affairs and has been a thorn in the side of the government.

A few years ago he became interested in the founding of a refuge for the homeless people of Berlin. This place provided shelter for all comers and did not require a certificate of good character on the part of the applicant. The refuge was a great success until the Berlin police began searching it frequently for suspicious characters. This procedure caused a decided falling off in the patronage, and Herr Singer informed the chief of police that the officers of the refuge would no longer tolerate the visits of his officers. "If you do not give me your pledge that their surveillance will cease, we shall close the refuge at once," he said. As the refuge was doing a great deal of good in Berlin, the chief was compelled to give the required pledge.
